## 1. ROLE SUMMARY

Autoridade Nacional do Petróleo e Minerais (ANPM) is Timor-Leste public institution, created under Decree Law No. 1/2016 of 9<sup>th</sup> February, 1<sup>st</sup> amendment of Decree-Law No. 20/2008 of 19<sup>th</sup> June, on the Autoridade Nacional do Petróleo, responsible of managing and regulating petroleum and mining activities in Timor-Leste area, both offshore and onshore.

The ANPM is to establish and supervise compliance with the enacted rules and regulations covering the exploration, development, production, transportation and distribution of petroleum, natural gas resources and mineral. It is also tasked to develop a strong petroleum and mineral management institution in Timor-Leste.

As a public institution ANP runs several programs to provide assistance for Timorese - National in the area of work practices through one of the programs, namely Graduate Internship Program (GIP), which is to assist the Timorese graduates to introduce to them to real work practice and work life to be a professional employee in the future and to assist their career advance once they seek for the job and work for certain organization in the future.
